

ONE OCEAN

Join us for the launch of the Institute's oceans report.

The report will discuss the role of the oceans in New Zealand's culture, economy and natural environment. It will explore possible solutions to the challenges currently facing the management of human activities in our marine space, and recommend pragmatic steps towards the wise use and conservation of our seas.

Thursday 26 March 2015, 5.30–7.30pm

McGuinness Institute

Level 2, 5 Cable Street Wellington

Pizza and refreshments provided

RSVP to James Tremlett at
